

CONTENTS

CONTRIBUTORS	v
PREFACE	xi
1 Introductory Remarks Marcus M. Reidenberg	1
I <u>Biochemical Aspects of Drug-Protein Binding</u>	
2 Structure of Binding Sites on Albumin Walter E. Müller, Klaus J. Fehske, and Sylvia A. C. Schläfer	7
3 Physico-Chemical Aspects of Ligand Binding: Pharmacological Implications Gregorio Weber	24
4 The Specificity of Drug-Binding Sites on Human Serum Albumin Ingvar Sjöholm	36
5 The Study of Drug-Protein Interactions by Spin Labeling Jordan L. Holtzman	46
6 Methodological Problems in Drug-Binding Studies Hermann Kurz	70
7 Lipoprotein Binding of Drugs Michael Lemaire, Saik Urien, Edith Albengres, Pascale Riant, Roland Zini, and Jean-Paul Tillement	93
8 Drug Binding to Purified Orosomucoid Influenced by Protein Purification Methods E. Pike, P. Kierulf, B. Skuterud, J. E. Bredesen, and G. Smistad	109
9 Tissue Binding of Drugs M. H. Bickel	119

10	Drug Binding to Blood Cells Mats Ehrnebo	128
II <u>Physiological Variations in Drug-Protein Binding</u>		
11	Interindividual Differences in Drug-Protein Binding Folke Sjöqvist and Yuichi Koike	141
12	Drug-Protein Binding in Young Children Sumner J. Yaffe	153
13	Drug-Protein Binding in Old Age John G. Kelly and Kevin O'Malley	163
III <u>Disease Effects on Drug-Protein Binding</u>		
14	Drug-Protein Binding in Renal Disease Ingegerd Odar-Cederlöf	175
15	Drug-Protein Binding in Liver Disease and in Patients with Hypoalbuminemia Roland Gugler and John C. Jensen	188
16	Inflammation and Alpha ₁ -Acid Glycoprotein: Effect on Drug Binding Per Knut M. Lunde, Eva Pike, and J. E. Bredesen	201
17	Posttranslational Changes of Albumin as a Cause of Altered Drug-Plasma Protein Binding Sergio Erill and Rosario Calvo	220
18	Fatty Acids Modulation of Drug Binding to Plasma Proteins Claudio A. Naranjo and Edward M. Sellers	233
IV <u>Pharmacological and Clinical Consequences of Drug-Protein Binding</u>		
19	Drug Displacement Interactions: A Case Study of the Phenylbutazone-Warfarin Interaction Edward M. Sellers	257
20	Drug-Plasma Protein Binding and Apparent Volume of Distribution: A Complex Relationship Patrick du Souich and Roberto Babini	274

21	Plasma Binding and Hepatic Drug Elimination Grant R. Wilkinson	299
22	Effect of Protein Binding on the Pharmacologic Activity of Drugs as Exemplified by Warfarin Gerhard Levy	317
23	Protein Binding of Drugs, Drug Enantiomers, Active Drug Metabolites and Therapeutic Drug Monitoring Dennis E. Drayer	332
	CREDITS	349
